Multimedia Kiosk

The KDT3 represents the next generation in small form-factor, self-service kiosks from AML. With its powerful architecture, the KDT3 is capable of running full screen video, playing stereo audio, scanning barcodes, and displaying stunning images on its SVGA color display. The KDT3 is the ideal kiosk for retail or commercial applications where the quality of the image and the delivery of the message is paramount. If a picture equals a thousand words, the KDT3 speaks volumes.

The KDT3 is powered by a 600 MHz processor and Windows® CE 6.0. It comes equipped with an 8" SVGA color LCD with touch panel, as well as built-in Power-over-Ethernet, optional Wi-Fi radio, and optional integrated barcode scanner. With its sleek, contemporary form, the KDT3 is designed to be mounted to a wall or pole.

Connect, Inform, Educate

With the KDT3 Multimedia Kiosk, customers, clients, or visitors can immediately be connected with the information they need in an impressive fashion. Whether it's a full screen video, stunning images, or stereo sound, the KDT3 delivers in a big way, from a small package, and at an affordable price.

Features	Benefits
600 MHz processor	More than enough processing power to play full screen videos and stereo audio.
8.0" SVGA display with touchscreen	Run powerful video messages or display vivid, colorful images for high impact messaging.
Wired or wireless network connectivity	The KDT3 comes standard with an Ethernet port or can support an optional Wi-Fi radio.
Windows® CE 6.0 operating system	Use standard Windows® embedded software tools including Microsoft™ Embedded Visual C++ and Visual Studio® to develop custom applications for the KDT3.
Barcode Scanning	Choose between high performance omni-directional scanning or lower cost options for 1D directional scanning.
