Hand-Held Readers

gryphen Instinctive Reading

Bluetooth® Cordless System | Intelligent Scanner

General Description

Gryphon™ BT 100 and BT200 are two new members of the successful Gryphon™ mobile family. They share the same powerful architecture of the other models with a special addition: the latest innovation in the wireless communication, Bluetooth® technology. This technology provides the operator with wider mobility and no cable constraint. Bluetooth® is a standard defined worldwide, and it allows various devices manufactured by different companies to easily connect and communicate

The new Gryphon™ BT contains the Datalogic Bluetooth® radio module, which is compliant with the up-to-date Bluetooth® 1.1 standard and can communicate with any PC, Laptop, PDA, mobile phone, printer etc. that includes an embedded Bluetooth® module or an external commercial Bluetooth® dongle. The implemented Bluetooth $^{\circledR}$ profile (i.e. the "protocol" used for communication) is provided by the SPP=Serial Port Profile: the Bluetooth® device is seen by the host like a virtual COM port.

Bluetooth® technology has been added to a first class scanner. Thanks to the stateof-art optics and a decode rate of 270 scans/sec, reading performance in terms of decoding capability and reading quickness makes the Gryphon™ BT very user friendly, intuitive and fast.

Furthermore, the "blue spot" produced by the Gryphon™ BT, provides "good reading" feedback directly on the code and makes the user's job easier, especially in noisy environments.

Features

- > Bluetooth[®] 1.1 compliant (Serial Port Profile)
- > Virtual COM and keyboard emulation data input
- > High speed data transmission: zero delay
- > RSS symbologies, PDF417 and linear bar code decoding
- > Package contents:
 - Gryphon™ BT
 - C- Gryphon™ Battery Charger
 - CD-ROM Gryphon™ BT
 - Gryphon BT™ Quick Reference

Applications

- > "Cable replacement" for POS/In-Store
- > Document Handling
- > Shop Inventory Management

Specifications

BLUETOOTH® RADIO COMMUNICATION

R&TTE and Bluetooth 1.1 Qualified 802.11b co-existence 2.4 to 2.48 GHz
SPP (Serial Port Profile) Bluetooth 1.1 compliant

RADIO FREQUENCY

COMMUNICATION EFFECTIVE RADIATED POWER Up to 4 dBm transmit power for class 2 operation

BIT RATE Up to 921 Kbps

RADIO RANGE 10 m in a typical environment

ELECTRICAL CHARACTERISTICS

Direct plug-in 9-28 VDC (C-Gryphon™ B/C) 2 AA NiMh batteries

POWER SUPPLY BATTERY TYPE RECHARGE TIME 4 hours max.

OPERATING AUTONOMY 24,000 reads - NiMh 8W max. (C-Gryphon™ B/C) POWER CONSUMPTION

MECHANICAL CHARACTERISTICS

208 x 107 x 55.5 mm 280 g (Gryphon™ BT with batteries); 250 g (C-Gryphon™ B/C) ABS and Polycarbonate, plus co-moulded rubber DIMENSIONS WEIGHT CASE MATERIAL

PERFORMANCE

BT200 Model

CCD solid state (3648 pixels)

SENSOR MAX. SCAN RATE 270 scans/sec MAX. RESOLUTION
PRINT CONTRAST RATIO (min.) 0.076 mm (3 mils)

Connectivity

The introduction of Bluetooth® technology offers a wireless cost-effective solution when mobility is required. The Gryphon™ bar code reader can be connected to mobile computers, printers, mobile phones and other Bluetooth® compliant devices. The new Gryphon™ BT provides new application possibilities. A bar code reader can now be used, for example, in mobile shopping applications by simply transmitting data to a Laptop or a PDA.

Bluetooth® is a standard communication protocol that provides full connectivity between various devices. It guarantees quick and reliable communication and data transmission.

Legacy Technology Services

We Rent & Sell All Types Of Barcode Equipment

Call now to talk to an expert

866-271-9891

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

• Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

· Legacy is one of the best repair facilities in North America

Discontinued product sourcing

 They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value.
 Legacy routinely purchases equipment from our clients around the globe.
 - · Data destruction
 - · Hardware disposal
 - Auditing services

Dedicated client account team

 Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

• Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
