

Epson

# TM-L90

## POS/Label Printer

- High-quality, thermal printing of receipts, labels and tickets at a clear 203 x 203 dpi
- Includes Epson Business Software for rapid label design
- Compatible with leading business label software applications when using Windows® drivers
- Cost-effective one- and two-color labels available
- Fast print speeds of up to 150mm (5.9 inches) per second in high-speed mode
- Easy, drop-in paper loading of rolls up to 90mm (3.5 inches) in diameter
- High reliability with an MCBF of 70 million lines
- Label peeler automatically removes labels from liner

The Epson TM-L90 is also available  
with an automatic label peeler option.

Epson's TM-L90 thermal printer offers a high-quality, versatile solution for both receipt and label printing all in a single printer.

The compact TM-L90 thermal printer lets you design custom labels and quickly print one- and two-color receipts, labels and tickets on a variety of paper stock. This printer is ideal for retailers who want to accomplish multiple printing tasks using a single, cost-effective label printer.

### High-speed printing of receipts and labels

The TM-L90 is ideal for a wide range of applications including pharmacy and photo labeling, retail price verification and fast food/deli labeling. It features fast print speeds of up to 150mm per second in high-speed mode. It easily handles a variety of print stock for receipts, labels and tickets. And it offers continuous printing on liner labels and an automatic label peeler option. Cost-effective one- and two-color thermal labels are available in a variety of sizes.

### Design your own labels

With the Epson TM-L90's simple cut-and-paste software utility, you can quickly and easily design custom labels—from product and price labels to shelf tags and bar codes.

### Get the flexibility you need

You can install the TM-L90 on a counter or wall using an optional wall-hanging bracket. It takes paper

rolls up to 90mm (3.5 inches) in diameter so you don't have to change paper as often, and its paper roll spacer lets you adjust paper width from 38mm to 70mm (1.50 to 2.25 inches). Bar codes can be printed either vertically or horizontally, including PDF417, MaxiCode and QRCode. Its flexible page mode gives you a variety of options for receipt layout.

### Count on Epson for reliability

The TM-L90 is designed and built with the high quality and dependability Epson is known for. With an MCBF of 70 million lines, you can count on it day after day. Its straight paper path means less time wasted on paper jams and drop-in paper loading makes paper replacement easy. And thanks to Epson's exclusive Connect-It™ interface options, the TM-L90 is compatible with today's best-of-breed and component-based systems and supports parallel, USB, serial, ethernet and wireless interfaces.
