

HP B321 31.5-inch LED Digital Signage Display

The equal opportunity DSD.

Bring an essential digital signage display into your organization at an affordable price point with the HP B321 31.5-inch LED Digital Signage Display, designed for use in conference rooms, reception areas, hallways, and anywhere you want to publicly distribute content during normal business hours.

HP B321 31.5-inch LED Digital Signage Display

Essential front-of-screen features

- Showcase your images, copy, and videos in Full HD¹ resolution on a screen that's visible to the entire room. Get ample brightness and contrast ratios and see more of your image with narrow bezels that don't detract from your message.

Easy connectivity

- Easily connect to a range of essential inputs, including VGA, DVI-D, HDMI, and USB. Use the RJ-45 port to push content from PC to display through your network. Import files from a USB thumb drive for playback on the display's basic media player.

Designed with the environment in mind

- Reduce power consumption and help lower your costs with mercury free display backlights, low halogen components,³ and arsenic-free display glass. The energy efficient display is also ENERGY STAR[®] and TCO qualified, and EPEAT[®] Silver registered.⁴

Place it where you need it

- Quickly and easily mount the display using the integrated VESA mount pattern.⁵

Compact for small spaces

- Bring a digital signage displays into your smaller spaces with the compact 32-inch diagonal screen size, which fits readily into conference rooms and small foyers without overtaking the room.

Global reassurance

- Rest assured that your IT investment is supported by a standard, three-year limited warranty.
- Select optional HP Care Pack Services⁶ to extend your protection beyond the standard warranties.
