HP Pro Tablet 610 G1

An everyday ally

Put personal computing at your fingertips with the 10.1-inch diagonal HP Pro Tablet 610 G1. Powered by the latest Intel® Atom™ Quad-Core Processor⁵, this tablet was built for on-the-go work. Versatile with Windows 8.1⁶ or Windows 8.1 Pro⁶, which are compatible with traditional applications to help you create and manage content and multitask, while long battery life keeps you mobile throughout the day. Buy Office² for productivity, no matter where you go.

HP recommends Windows.

Ready to tackle the job

- No matter how long your day gets, push your ideas forward with long battery life, 64 GB of internal storage, plus a microSD expansion slot supporting an optional SDXC storage card with up to 2 TB expandable storage⁴, and built tough with a Corning Gorilla Glass display. When portability combines with durability, you're ready for almost anything.

Built to perform

- Kick-start your next project with the power of the latest 64-bit Intel® Atom™ Quad-Core Processor⁵. Elevate your work with Windows 8.1⁶ or Windows 8.1 Pro⁶ and a valuable collection of preloaded HP apps. For any endeavor, you've got all the brains and brawn you need.

High resolution, high results

- Make stronger connections and statements. Share your files, photos, and videos with the built-in micro-HDMI and a stunning 1920 x 1200 WUXGA¹ display, or collaborate via Miracast³. You've got all the video possibilities and performance to make your work stand out.

Productivity meets peace of mind

- Keep your business running smoothly and productively with enhanced protection. Microsoft Defender¹⁸ provides enhanced protection against virus attacks and other threats, while a software-based TPM¹⁹ solution protects against identity theft and certificate-based hacks.

Cool and quiet

- A small and light tablet to carry between meetings or from coast to coast. The HP Pro Tablet 610 G1 has a quiet, fanless design, so it's always cool to the touch.

Hardware specifications

* Only available on select Windows 8.1 operating systems with Microsoft Office 2013 Home & Student.

1. High-definition (HD) content is required to view high-definition images. Resolutions are dependent upon monitor capability, and resolution and color depth settings.
2. Select systems with Windows SST systems include Office Home & Student 2013 with full versions of Word, Excel, PowerPoint and One Note and are not available in all regions. Office Home & Student 2013 edition software may not be used for commercial, non-profit, or revenue-generating activities.
3. Miracast-compliant devices are tested to operate with Miracast routers. Utilization requires proximity to a Miracast router, which is not included with the purchase of this tablet.
4. For storage drives, GB = 1 billion bytes; TB = 1 trillion bytes. Actual formatted capacity is less. Up to 10 GB of system disk is reserved for system recovery software.
5. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
6. Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers, and/or software to take full advantage of Windows 8.1 functionality. See microsoft.com.
7. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
8. Headphones are sold separately.
9. Sold separately.
10. Wireless access point and Internet service required and not included. Availability of public wireless access points limited.
11. Webcam and Internet access required for video conferencing, and not included.
12. Availability of features varies by country. Streaming services may require a paid subscription. May not be compatible with all music files. Not compatible with DRM tracks. Internet access is required and not included.
13. Availability of features varies by country. Snapfish by HP mobile app download and Snapfish membership required. Internet service required and not included.
14. Requires an Internet connection to HP Web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents, and image types and other HP ePrint details, see hp.com/go/eprintcenter). Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary.
15. Weight and system dimensions may fluctuate due to configuration and manufacturing variances.
16. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit hp.com/go/cpc.
17. HDMI cables sold separately.
18. Requires Internet access.
19. A subset of the TPM 2.0 specification version v0.89 as implemented by Intel® Platform Trust Technology (PTT).

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
