

# HP Slate 7 Extreme 4400US Tablet

## Portable Powerhouse performance. Gaming Titan. Personal Secretary.

Take note. This NVIDIA Tegra 4 powered tablet has a mind to maximize your mojo. It's got lightning-fast web browsing, console-quality gaming, room-booming audio with front firing speakers, silky-smooth video, plus a precision stylus pen for everywhere productivity and anywhere creativity.

### About model Slate 7 Extreme 4400US

The all round powerhouse performer. Powered by NVIDIA Tegra 4's lightning fast web browsing, console-quality gaming, room-booming audio, and a precision-integrated stylus pen.

### Key specifications

- Android™ 4.2.2 Jelly Bean
- NVIDIA® TEGRA® 4 A15 Quad-Core Processor
- 7-inch HD diagonal multi-touch wide viewing angle capacitive display (1280 x 800)
- Up to 10.5 hours of battery life<sup>(30)</sup>
- 1GB DDR3 SDRAM
- 16GB eMMC<sup>(40)</sup>
- MicroSD (up to 32GB of expandable storage)
- 802.11 b/g/n, Miracast compatible<sup>(19)</sup>
- Bluetooth® 3.0<sup>(26)</sup>

### Highlights

- **NVIDIA® TegraZone™:** Spend less time searching for games and more time playing them. The TegraZone app pulls up a selection of games optimized for ultra-fast Tegra technology.<sup>(10)</sup>
- **Camera Awesome:** Camera Awesome delivers exclusive Tegra 4 features to the HP Slate 7 Extreme like tap-to-track and 100 fps video with slow motion playback.
- **Stylus Labs Write:** Created to be a word processor for handwriting, Write has all the usual features of a vector drawing application, but adds a unique set of tools for editing and navigating handwritten documents – making it perfect for note-taking, brainstorming, and drawing.
- **Markers:** A Fun and simple drawing application, Markers is optimized to provide variable width pen strokes and lower latency resulting in a more natural drawing experience.
- **DirectStylus Launcher:** Fully customizable and designed to pop up as soon as you remove the stylus from your device, this makes all the stylus driven apps readily available the moment you need them.
- **HP Connected Photo powered by Snapfish:** Sync photos across your PC, smartphone, and tablet. Crop, rotate, add captions, and more. Then share in seconds with friends and family through your social networks.<sup>(37)</sup> Picture the fun.
- **HP ePrint:** Print from virtually anywhere with your smartphone, tablet, or Internet-connected PC.<sup>(85b)</sup>
- **HP File Manager:** Full-featured file management. Easily discover, sort, search, and copy files from various sources — networked storage sites, and more.
- **Box®:** Free 25GB lifetime cloud storage from Box®.<sup>(60)</sup> Store content online, and share it from anywhere with internet access.<sup>(10)</sup>

### Power Player

This NVIDIA Tegra 4 processor is fast. Blazing fast. That means all the power to do anything you want. Hyper-real, console quality gaming, spectacular room-filling sound, and web surfing that's smooth as silk.

### Write On

Discover the creative freedom you desire combined with the personal secretary you've always wanted. The HP Slate 7 Extreme integrated, precision-crafted stylus pen with responsive touch and pinpoint control provides endless possibilities to compose and create on the run.

### Game Heart

This Tegra 4 powered titan was built to take your game-ability to the next, next level. With all the torque and none of the drag, HP Slate 7 Extreme's got its heart in the game.

### Party anywhere

Experience awesome audio anywhere. NVIDIA's PureAudio™ technology with booming, room-filling sound through front firing stereo speakers is designed to deliver you the ultimate stereo experience.

### Here to keep you happy

HP Total Care provides award-winning 24x7 service and support in the U.S. and normal business hours for Canada and Latin America. To learn more, visit [www.hp.com/go/totalcare](http://www.hp.com/go/totalcare). During your limited warranty period you get:

<sup>(4)</sup> For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. <sup>(7)</sup> GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance. <sup>(9)</sup> Intel® Smart Response Technology: requires a compatible Intel processor, enabled chipset, Intel® Rapid Storage Technology software and a properly configured HDD + solid state cache. The solid state cache is designed to accelerate the system response experience and not utilized as additional storage capacity. Depending on system configuration, your results may vary. <sup>(10)</sup> Internet access required and not included. <sup>(19)</sup> Internet access required and not included; registration required. <sup>(19)</sup> Wireless access point required and not included. <sup>(26)</sup> Bluetooth® is a trademark owned by its proprietor and used by Hewlett-Packard Company under license. <sup>(30)</sup> Testing conducted by HP with MPEG4 video playback stored on the SD card with wired stereo headphone (which may or may not be included with your particular product) at middle volume as the audio output device. Prior to testing, the system was fully charged and set to display maximum brightness, background illumination enabled, screensaver disabled. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. <sup>(37)</sup> Supported on Android and iOS operating systems. Snapfish mobile app download and Snapfish membership required. Internet service required and not included. <sup>(40)</sup> Click on the Box tile on the Start screen of your HP computer and register for a new account to receive the offer. Offer valid through December 31, 2014. <sup>(49)</sup> Weight and system dimensions may fluctuate due to configuration and manufacturing variances. <sup>(50a)</sup> Use of HP ePrint Home & Biz app requires Internet- and email-capable smartphone or tablet with separately purchased wireless Internet service, an Internet connection to the printer, and HP Web Services Account Registration. Wireless performance is dependent upon physical environment and distance from access point. Both the printer and mobile device must be on the same wireless network. Wireless operations compatible with 2.4 GHz routers only. See [www.hp.com/go/mobile-printing-solutions](http://www.hp.com/go/mobile-printing-solutions) for details on compatible devices and supported documents and file types.
