KS7300 Series

Power-Performer

One of the latest additions to the popular fan-free KS Series combines optimal performance, low power consumption and heat output with ease of maintenance.

The "green" footprint allows companies or divisions to meet corporate mandates related to the development of energy saving systems and devices.

The KS7300 is available in 15" and 17" Infrared or Resistive touch options. Both models are configurable to wall mount solutions and are optimized for retail, quick service, full service hospitality, grocery and specialized markets.
