Zebra Cameo® Series

Mobile Printing for Businesses on The Go

Lightweight receipt printers keep your business moving.

Receipt printing is quick and efficient with lightweight, versatile Cameo mobile printers. Weighing as little as one pound, they are light, sleek and durable enough to carry and use anywhere. Easily clipped to a user's belt, Cameo printers simplify in-store customer order processing and payment via optional bi-directional MCRs (magnetic card readers) and SCRs (smart card readers).

Wireless Communication

Communicate wirelessly with Cameo printers using a wireless handheld terminal and Zebra Portable Radio (ZPR). Bluetooth® and wireless LAN options are also available!

Point-of-Transaction Flexibility

- Agents with handhelds and Cameo mobile receipt printers can get customers on their way faster at curbside or during in-lot rental car returns.

- Shorter lines mean happier customers. Receipt printers with credit card readers are used for queue busting in retail stores and fast food restaurants.

Connect with it. Count on it.™

Cameo Series

Leading Edge Connectivity

- Cameo printers support a wide variety of serial and wireless communication options, including Bluetooth technology and IrDA.

- Integrated wireless LAN radio (Cameo 3N).

Lightweight and Long-Lasting

- Printers weigh as little as one pound.

- High-performance battery power lasts more than eight hours on a single charge.

Rugged Design

- High-impact Texin® plastic housing.

- Withstands drops up to six feet.

Cameo 2

The one-pound Cameo 2 is easy to wear and carry anywhere receipt printing is needed. With an optional magnetic card reader (MCR) and/or smart card reader (SCR), you can perform credit card transactions while staying mobile. The Cameo 2 is rugged—withstanding drops of up to six feet with boot—and is ideal for point-of-sale transactions, hospitality receipt printing, and transportation ticket printing.
