

P310F

## P SERIES CARD PRINTERS

### Fast, Monochrome, High-Quality Plastic Card Printing Has Never Been Easier

The Eltron P310F is ideal for printing single-sided monochrome cards, adding hologram overlays, or scratch-off panels to preprinted cards. The P310F is the most affordable card printer in its class.

Use the P310F to add personalization in black, or other monochrome color, on preprinted cards. It can also be used to apply a hologram overlay to preprinted cards to provide additional security. The P310F has the ability to print on any area of a card permitting endless flexibility in card design.

Use the P310F for:

- Printing plastic cards in monochrome
- Adding personalization to preprinted cards
- Creating durable business cards, employee/visitor badges
- Adding a holographic overlay to preprinted cards

The P310F utilizes a proven, reliable print engine for fast accurate printing. It produces sharp, readable bar codes, line art, graphics and text in seconds. Featuring a small footprint, the P310F is perfect for desktop applications.

The P310F is operator-friendly, easy-to-load, and features a low maintenance design making it simple for anyone to use. Green, yellow and red LED indicators provide easy to understand printer status. An easy to change, self-cleaning cartridge thoroughly removes dust on cards before printing, minimizing problems caused by contamination.

You can rely on Eltron Card Printers for high quality and dependability because they are manufactured to exacting standards and are ISO 9001 certified.
