

P330i and P330m™ Card Printers

The most reliable & expandable card printer in its class

The Zebra® P330i is Zebra's most popular card printer, with tens of thousands of printers installed worldwide. Designed and built for demanding environments, the P330i printer delivers reliability and performance for high-volume card production. Expansion options for networking and card encoding—including UHF Gen 2 for longer read range—give the P330i the flexibility to meet your specific requirements. Affordable and easy to use, the Zebra P330i is a leader in performance card printers. For monochrome-only printing applications and personalization, choose the P330m printer for a lower-cost alternative.

P330m Card Printer

Offering monochromatic only card printing, the P330m is the most cost effective solution for your personalization and monochrome printing applications.
